EXPERIENCES

Honeysuckle Magazine   **Aug. 2019 – Present**
It and Technology Intern   *New York, NY*
- Used WordPress Yoast Plugin to improve the search engine optimization of each published article on the website.
- Started generating revenue for HoneySuckle and HoneyPot through integrating brand affiliate links into related articles.
- Utilized WordPress Coder Plugin to insert partnering companies' JavaScript tags onto our website pages to analyze visitor site usage.

Bergen County Veteran's Affairs   **Sept. 2017 – May 2018**
Database Coding   *Hackensack, NJ*
- Worked collaboratively with three other classmates to revitalize the previously inoperative Veterans' Affairs Database as part of our Senior Capstone.
- Used PHP with the Laravel framework in conjunction with HTML & CSS to create a brand new database that is both more functional and efficient.

Masterklass Academy   **June 2017 – Aug. 2018**
Teaching Assistant   *Closter, NJ*
- Supervised various math clinics to step-by-step teach junior and sophomore high school students techniques to solve practice SAT math problems.
- Proofread and edited mock SAT practice tests.

Marketcounsel and Hamburger Law Firm   **Feb. 2018 – June 2018**
Operations Intern   *Englewood, NJ*
- Managed inventory of office supplies and conducted closing procedures.
- Provisioned new technical equipment for future use.

The Valley Hospital   **Sept. 2017 – Feb. 2018**
Radiology Intern   *Ridgewood, NJ*
- Organized attended, canceled, and scheduled appointments for the diagnostic imaging department.
- Transported hospital patients and ensured safety during discharge.
